Love Remedies®

Living Australian Flower Essence

The Evolution of flower essences

For new ways of healing - these flower essences are produced out of the natural power of Australian wild plants.

They are produced in a very special way inspired by the tradition of the Aborigines shamans.

Love Remedies®

the essences of Love, contain the energy of wholeness, bringing self healing power for the mind, body and spirit.

Love Remedies are a gift of love from nature. With the Stepanos Method, no part of the plant is cut or destroyed to make the essences. This means, the plants go through no trauma and create more balanced, harmonious essences.

This new generation of vibrational essences, extracted by the Stepanovs Method was inspired by traditional Aboriginal healers.

Harald and Juta with Waratah flowers

Following are pictures of the 45 Love Remedies flowers with brief descriptions of their benefits.
